- Meet with a private lessons coordinator to **review information about our program options** including: lesson durations, prices, payment plans, payment and cancellation policies, and more.
- Work with a private lessons coordinator to **arrange a trial lesson** with an instructor. (*Tuition and fees must be remitted prior to reserving an instructor. Students are not considered scheduled until payment has been made. It may take up to 48 hours to confirm a trial lesson with an instructor.*)
- Once a trial lesson is confirmed, an **email confirmation** including: the day and time of lesson, instructor name, where to meet the instructor, information about the *Student Resource Center*, and what happens after the trial lesson will be remitted.
- After completion of the trial lesson, a student will contact a private lessons coordinator to schedule another trial lesson or to **set up weekly lessons**.
- A private lessons coordinator will review the tuition and cancellation policies and ask you to **provide your signature** in acknowledgement of understanding.
- You will receive an email with access and instructions to your unique **Student Portal**.
